

## SHORT CURRICULUM VITAE

### **Nicola Sverzellati MD, PhD**

*DATE OF BIRTH:*                    01-09-1975

*Email:*

#### **EDUCATION AND APPOINTMENTS**

Medical degree at the University of Bologna (2002)

Registrar in Radiology at the Academic Hospital of Parma (2002-2006)

PhD in "Advanced Cardio-Thoracic Imaging" at the University of Parma (2007-2010)

Research collaborator at the Royal Brompton Hospital of London (since 2005 )

Visitor at the Department of Radiology of the Vancouver General Hospital (May-June 2007)

Research collaboration at the National Cancer Institute of Milan for the lung cancer screening project "Multicentric Italian Lung Detection" trial (since 2007)

Lecturer/Consultant at the University Hospital of Parma (2010-2014).

Associate Professor/Consultant at the University Hospital of Parma (2014 - )

#### **CLINICAL WORK AND RESEARCH ACTIVITY**

Experience focused on chest computed tomography (CT), particularly in diffuse lung disease. Particular interest also in lung cancer screening. More recent activity in phenotyping chronic obstructive pulmonary disease and refining the imaging of conditions with cardio-vascular

components.

Routine clinical activity includes evaluation of whole-body conventional radiography, CT, Magnetic Resonance Imaging (MRI) and ultrasound examinations. Experience in emergency radiology. From 27/11/2009 to 20/06/2015, Dr Sverzellati reported 22.553 radiologic examinations.

**LEARNED SOCIETIES** Counselor of the Section of Thoracic Imaging of the Italian Society of Medical Radiology (2007-2011); Counselor of the Section of Computed Tomography of the Italian Society of Medical Radiology (2012-2016); Secretary General of the European Society of Thoracic Imaging (ESTI) (2011-2014); President Elect of the ESTI (2014-2015); Member of the Fleischner Society (2014); President of the ESTI (2016-2017).

**COMMITTEES** Programme Committee for ESTI annual meeting (Heidelberg 2011, London 2012); Chest sub-committee, European Congress of Radiology (2012, 2013, 2016); Member of the COPDGene workshop group (American College of Radiology Education Center, Reston, Virginia, USA February 2010); Member of the International Committee for the Classification of Diffuse Lung Diseases 2013 (American Thoracic Society/European Respiratory Society); Member of the a European Respiratory Society Task Force document "*Diagnosis and management of idiopathic pulmonary fibrosis: a statement*" (2013); Member of the European Respiratory Society Task Force on Bronchiectasis (2015). Member of the writing committee of the Fleischner Society classification of idiopathic pulmonary fibrosis.

**PUBLICATIONS:**

Author or co-author of 148 peer review papers (total number of citations 1487, H-Index 23), numerous abstracts for international congresses, 12 book chapters and 1 book.

**EDITORIAL AND REFEREE ACTIVITY:**

Editorial board of BMJ Resp Med, World Journal of Radiology, Tumori Journal (Imaging Section).  
Regular reviewer for Radiology, European Radiology, Journal of Computer Assisted Tomography,  
European Respiratory Journal, Chest, Clinical Radiology, Radiologia Medica, Diagnostic and  
Interventional Radiology.
