EDUCATION AND TRAINING

1995 to 2000 **Achieved specialist diploma in orthopaedics and traumatology with honours from the University of Milan on 14/11/2000.**

During this period I worked in:

- San Gerardo Hospital, Monza, Milan.
- Istituto Ortopedico Gaetano Pini, Milan.
- Policlinico San Pietro, Ponte San Pietro, Bergamo

Whilst completing specialist training gained experience in the use of DEXA (HOLOGIC-QDR 1000-2000-4500) for measuring bone density, for research and clinical use, in order to study variations in bone mineral densities surrounding prostheses following hip and knee replacements.

1989 to 1995 Attended the Faculty of Medicine and Surgery of Milan University in the academic year 1989/90. Graduated in Medicine and Surgery with maximum marks on 28/07/95.

Communication skills

- Good one-to-one communication skills gained through my experience in medicine.
- High level competence in public speaking gained through my experience as a university teacher.
- High level competence in public speaking gained through my work with Mast&r srl as course director & tutor.

Organisational / managerial skills

Organisation and management of medical courses for both specialists and GPs, from the beginning to end, this includes finding and interacting with clients, developing ideas, faculty coordination and innovative locations in which to hold courses. I particularly try to innovate communication via customised use of technology for instance 3d movies, fully immersive visual supports, imaginative use of touch screens, in-house production of high quality anatomical dissection videos aimed at highlighting the anatomical surgical risks, particularly those relevant to orthopaedics.

Job-related skills

- Good orthopaedic competence in trauma surgery of upper and lower limbs
- Essential arthroscopy skills in knee and ankle
- Essential surgery of forefoot
- Interest in pain control in back pathology, especially in multidisciplinary team approach to back pain management
- X-ray guided infiltration of lumbar facets and nerve roots
- Good competence in dissection in cadaver-lab
- Interaction and cooperation with the nursing staff in orthopaedic A&E.
- Training of doctors during their post-graduate period of specialist orthopaedic training.

Computer skills

- Mac user
- good command of Word and PPT of Microsoft Office™ tools
- good command of Prezi
- good command of video creation and editing with i-movie

Other skills

- ski-ing, scuba open water licence PADI, novel writing, guitar, jogging, cooking.

Driving licence

- B
